

HIMANSHU JOSHI

Winnipeg 204-869-8267 himanshujoshi3304@gmail.com

Experienced Full Stack Web Developer with over 2 years of expertise in crafting dynamic and responsive websites, proficient in both front-end and back-end technologies. I have gained developer experience working at startups and learned about various skills like communication, adaption. Strong problem-solving skills and Leadership Skills. I have Mentoring experience at RRC where I worked as a peer tutor. To learn more about me, you can visit my at

[Portfolio](#). I also have my own tech startup where I am trying to build a component design, develop and testing tool.

WORK EXPERIENCE

Tutor

07/2023 to Present

Red River College

Winnipeg

- Supported students with helpful study habits and exam strategies.
 - Motivated students towards learning and studying to build self-confidence and reduce fear of failure.
- I started with 3 students in a private course and ended up teaching a class of 24 on web development concepts.

Full Stack Developer

05/2024 to 08/2024

Service Owl

Winnipeg

- Here at service owl we built ITISM, CMS solutions and I gathered the requirements and change them in to a product basically building a ETL product
 - Used NodeJS, ORM and SQL/No-SQL to develop and manage databases.
 - Reviewed code, debugged problems, and corrected issues.
 - I also Learned and used Design Systems and Architecture Patterns Collaborated with fellow engineers to evaluate software and hardware interfaces.
- Worked with back-end developers to design APIs.

Backend Developer

01/2024 to 04/2024

Addresico,

Winnipeg

Design and Program, debug the problems, and aiding in Back-end Development.

I developed an advanced server error handling system that detects and details errors, improving the Security of the system. Integrated into the admin dashboard, it translates complex error messages into user-friendly explanations for easier understanding.
